FOREWORD

★

We have great pleasure in presenting to the art lovers of BOMBAY another Exhibition of soldier art and craft.

The exhibition embodies that creative urge in man without which one remains unfulfilled. The exhibits are the work of riflemen, sappers, vehicle mechanics, signallers, clerks and civilian schoolmasters. The exhibitors, men and officers, despite their varied jobs and duties in the Army, have devoted their leisure, skill and inspiration to Art and Craft.

We are happy to record that one of the exhibitors – Hav KK MENON – has been selected for higher studies at the Slade School of Arts, London.

The Army encourages these activities. They make for the integration of the soldier's personality and eventually make a better fighter of him.
